

Revisiting Stewardship Decisions

Scenario 1

My stewardship choice was _____

Scientific Lens	Economic Lens	Cultural Lens
➔		
➔	➔	➔
Are there more scientific costs or more scientific benefits of your choice?	Are there more economic costs or more economic benefits of your choice?	Are there more cultural costs or more cultural benefits of your choice?

Would you change your stewardship choice now that you've considered all 3 lenses? Why or why not?
